

GOVERNING CATALOG AND CONTINUOUS ENROLLMENT

The Governing Catalog for degree and certificate-seeking students is defined as the Catalog & Student Handbook in effect at the time of admission or readmission.

A continuously enrolled student who does not complete degree and/or certificate requirements within six years will be required to meet the degree requirements established by the Governing Catalog in the subsequent semester of enrollment.

Degree and certificate-seeking students who break enrollment for three or more consecutive semesters (fall, spring, and summer) will be required to submit a readmission application and will be required to meet the degree requirements established by the current Governing Catalog.
