

PROJECT MANAGEMENT ADVANCED TECHNICAL CERTIFICATE

The Project Management Advanced Technical Certificate (ATC) teaches the student skills that are needed to manage projects in multiple industries to include government, business, information technology, and healthcare. Admission requirements for this ATC are the same as those for the Bachelor of Applied Science in Leadership. Students completing this Advanced Technical Certificate will be prepared to complete the Certified Associate in Project Management (CAPM) offered through the Project Management Institute. The CAPM is a nationally recognized industry credential.

This certificate is upward compatible with the B.A.S. in Leadership (<https://lssc-public.courseleaf.com/academic-programs/baccalaureate-degree-programs/bas/>)
