

# LSSC STUDENT EMAIL ACCOUNT (LAKEHAWK MAIL)

---

All enrolled students at LSSC have access to a Lakehawk Mail account. This email account will be the official means of communication between the College and LSSC students. The College uses Lakehawk Mail to notify students of important information regarding their account, course registration, deadlines, relevant policies and procedures, and other announcements. As described in the LSSC Student Code of Conduct (<https://www.lssc.edu/student-resources/student-conduct/>), students should check their Lakehawk Mail on a daily basis.

Students will receive instructions to activate their Lakehawk Mail account through the personal email used to complete the admissions application.

**Important Note:** Students should not forward their Lakehawk Mail as many Internet service providers filter LSSC Mail as SPAM, and the student may not receive all College communications.
